

Bourbon Street Bum II was foaled April 22, 1978 (by **EBONY MASTERPIECE**, out of a **BLACK CLOUD** mare). W.L. Cox purchased him as a two-year-old from Larry Latham. He immediately put **BUM** with Larry Taylor; the man Cox felt could bring out the talent he felt the colt possessed. During 1980, as a two-year-old, **BUM** was undefeated, winning five blues and capturing the respect and admiration of “those in the know” in the

industry. In 1981, as a three-year-old, **BUM** won seven blues. In his fourth year (1982) he was again undefeated, again winning seven blues. It was in September of this year, about a month prior to the Celebration, that he was purchased by one of the most knowledgeable men in the industry, Haskel Mullins, who had important plans for the illustrious stallion. Naturally, he left **BOURBON STREET BUM II** with Taylor, the trainer who has “molded” this great champion. 1983 was his first season as an aged horse, the year in which it was hoped he would win the Celebration and become World Grand Champion. **BUM** had a good season, winning five blues in Aged Stallion and Stake classes and came into the Celebration the “favorite” to win, but it was not to be. After winning his preliminary class, a day prior to the Championship, he suffered severe reaction to medication he was given for a minor virus infection. Rather than risk further harm to **BUM**, Haskel scratched him from the Championship.

Mr. Mullins, who had been ill for quite some time, passed away shortly after the Celebration and did not live to see his dream realized. Alice, his devoted wife, stepped right in and continued working toward the goal her husband had wanted. During 1984 **BOURBON STREE BUM II** again had a successful season, winning six blues (and undefeated in Aged Stallion classes). September came, **BUM** won his qualifying class and on Saturday night, **BUM** and Larry Rose to the occasion, putting on one of the best performances of their entire career together and indeed were

“**WORLD GRAND CHAMPIONS.**” **BOURBON STREET BUM II**

was one of the most illustrious “stars “ever produced in the industry and his many fans will miss seeing him grace the show ring. This will be

missed most of all by his owner, Alice Mullins. However **BUM** has already sired some promising stock who are already proving their ability. He will spend the rest of his days at Lake Guntersville Breeding Farm, Guntersville, Alabama, siring more show ring champions... and the name **BOURBON STREET BUMM II** is one few will ever forget!
