Racking Horse Breeders Association of America
High Point Award Program

Established since 1971 the members of the Racking Horse Breeders Association of America are dedicated to these beautiful animals which make this wonderful breed. The purpose of the High Point Program is to recognize the outstanding members who consistently show their RHBAA registered horses and place in classes designated as a High Point category. The High Point Awards are given out to first and second place horses in each category the following year at the annual Awards Banquet.

Show Affiliation

Shows having Racking Horse Classes may become affiliated/sanctioned by application and paying a fee of $50.00. Application and show bill with fee must be in the RHBAA Office 90 days before your show date in order to be placed on the RHBAA website. Shows that wish to affiliate after the 90 day requirement may still be considered a high point show but application forms must be mailed 30 days prior to the show. All information must be sent to:

The High Point Awards System

The point secretary will keep the points for each division in which your horse competes. At the end of the show season, the point secretary will calculate the results in each division from every affiliated show and determine your points per division for each category. Only classes listed as point classes on the RHBAA website count.

You must be a member each year to qualify for points! If a member joins after show season starts, points earned before will not count. The Owner, Rider, and Trainer must all be members!

If a member sells a horse to a non-member during show season the new owner has 15 days to join the RHBAA, notify the point secretary, transfer the horse in his/her name and make sure owner, rider and trainer has memberships and show cards in order to retain the points on the horse they have purchased, which will entitle them to be a part of the High Point Awards for that year.
In the case of partnership horses, all partners must be a RHBAA member.

Qualifying for High Points

A horse showing for points must be registered with the RIIBAA. DNA/blood typing is required in the RIIBAA office within 120 days of the first show in which he/she is qualifying for high points. Horses being shown must be entered with the owner's name being the same as on the registered papers.

Outstanding Debts

Any debt to the RIIBAA or the affiliated show which is defined as 90 days past due will make you ineligible for awards. (This includes owner, rider and trainer.)
